FROM THE CAPITAL.

REGINA, July 24.

Written for THE PROGRESS:

It is said that you may do anything with a Dutchman so long as you don't interfere with his "clear, shining lager what foams in the glass." Hans will like the Northwest better when he learns that light beer containing a percentage within a unit of his favorite lager may now be imported into the Territories, provided it is sealed with an "infernal" revenue stamp, and otherwise made to conform to the instructions made and provided. These are (1) that the party importing beer containing four per cent. of alcohol shall first obtain the approval of the local member, and (2) in the case of hotels there must be twelve bed-rooms in each hotel, and a stable in connection with the hotel (not necessarily on the premises) which must have accommodation for at least five horses. The average hotel man protests, and says he would just as leave not have it, but there is a merry twinkle in his eye when he says it, and also irrespective of any work whatsoever, or stock, share, or interest therein, is six hundred and seventy thousand and thirty-five dollars.

And whereas there is no existing debt of said municipality, other than for current expenses. And whereas it is expedient that the amount of said loan shall be repayable in equal annual installments of one hundred dollars each, extending over a period of twenty years from the time hereinafter mentioned for this By-law to take effect, with interest at the rate of seven per cent. And whereas for the purpose of repaying the said installments of principal money, and the interest thereon at the rate aforesaid, there will be required to be raised, levied and collected in each of the following years during the currency of said By-law, the sums following that is to say:

In the year 1889, the sum of \$240.00.
In the year 1890, the sum of \$233.00.
In the year 1891, the sum of \$226.00.
In the year 1892, the sum of \$219.00.
In the year 1893, the sum of \$212.00.
In the year 1894, the sum of \$205.00.
In the year 1895, the sum of \$198.00.
In the year 1896, the sum of \$191.00.
In the year 1897, the sum of \$184.00.
In the year 1898, the sum of \$177.00.
In the year 1899, the sum of \$170.00.
In the year 1900, the sum of \$163.00.
In the year 1901, the sum of \$156.00.
In the year 1902, the sum of \$149.00.
In the year 1903, the sum of \$142.00.
In the year 1904, the sum of \$135.00.
In the year 1905, the sum of \$128.00.
In the year 1906, the sum of \$121.00.
In the year 1907, the sum of \$114.00.
In the year 1908, the sum of \$1

FOUR PER CENT. BEER.

We print below a copy of a new form of permit issued by the Lieutenant-Governor of the Territories. It is one of the new licenses to sell of which there has been so much talk lately. The report had been industriously circulated that permits would be granted for the sale of strong malt beer and light wines. Last week we expressed our disbelief of the report that licenses would be granted for the sale of any kind of intoxicating liquors, but the permit before us now means confirms the belief we then expressed. As to whether four per cent. beer is generally intoxicating, we are not prepared to say. It is, however, certain that the excessive use of it is debasing and that some people will get drunk on it. It is contended that the new permit is only the renewal of a privilege enjoyed in the Territories till about a year ago. It will be remembered that in August last an order was issued from the Inland Revenue Department to suppress the hop beer breweries in the Territories, and promptly on the issuance of this order Lieutenant-Governor Dewdney ordered the discontinuance of the importation of a light beer which had been allowed to come in before that time. The permits now being granted are considered a renewal of the privilege that was withdrawn by Mr. Dewdney's orders. We regret that His Honor Lieutenant-Governor Royal has issued these permits, for we consider it a retrograde step in the way of the enforcement of our prohibitory law. The issuance of the order suppressing the hop beer breweries and the importation of the worse outside hop-wash was a step in the right direction, and should have been carried out to the letter. But the hop breweries were not suppressed, and we now have by permit the renewal of the old status of things. While protesting most emphatically against the new permits, it is something of a relief to know that a collection ought to be taken up in every congregation for this object at least once a year.

OUR INDIANS AND THE CHURCHES.

At the recent Synod of the Episcopal Church held in Qu'Appelle a resolution was passed declaring that the time had come when greater efforts should be put forth for the evangelization of the Indians of our Territories, and it was further resolved in order to give practical shape to the thought that a collection ought to be taken up in every congregation for this object at least once a year.

We are very glad to see this indication, showing that the churches responsibility for the Indians is at length being recognized.

For some time past the Government has encouraged every effort made in this line. If only our Indians can be made to understand the Christian religion and receive proper educational training, we shall have more success in civilizing them. We are aware that many have no faith in such efforts, and cut short all discussion by saying the only good Indian is the dead Indian. Even so, we have the live Indians. No one can go so far as to say exterminate them. Then, we have to deal with the tribes as we have them. The history of the rebellion showed the benefit of missionary effort, as John McDougall led his trusty bands of the Mountain Sioux in support, and often in advance, of Gen. Strang, all thoroughly loyal to the Government. The houses, farms and stock of the Indians who are Christians on many reserves prove this also. But we hope the churches will all waken up as well as the Church of England. The Presbyterians have a large number of very good missions under enthusiastic managers. The Methodists have not a single Indian missionary from Morley to Winnipeg along the line of railway, and none between Ed-

monton or a few miles east to Fisher river, which lies a little north of the town of Portage la Prairie. They have flourishing missions north and south of Calgary and north of Winnipeg. But Methodism has not kept up her traditional missionary character in the Canadian Northwest during the past ten or twelve years. She has been stretching out her hands to Japan, but making no material advance in the line of Christianizing the Indians of our own country. We learn that a very earnest request has been sent to the missionary secretary several months ago by White Cap and his band for a school and missionary for his service. The Government have sanctioned it and made a grant for the building. We hope to hear of a speedy commencement being made of the first Methodist Indian mission in the vast territory covered by the District of Assiniboina.

And subject to the said conditions hereinafter mentioned, and only so long as the said shall observe, perform and fulfill the same, special permission is also hereby granted to the said to sell and dispose of said beer in the said premises, and not elsewhere, for consumption upon the said premises and not elsewhere.

The foregoing permission to import and sell the said beer is granted upon the express conditions following, that is to say:

1. The permission to sell said beer shall continue only so long as the said shall keep the said premises as a reputable hotel, and keep provided therein separate bedrooms accommodation for not less than twelve persons, and in connection with said premises proper stable accommodation for not less than five horses, and shall conform to and abide by all the by-laws, rules and regulations respecting hotels of the municipality in which said premises may be situated.

2. No beer imported hereunder shall be sold or disposed of between the hours of 10 o'clock p.m. of any Saturday and 7 o'clock in the forenoon of the following Monday, provided, however, that said beer may be supplied to guests of said hotel at their meals during any such interval.

3. No beer imported hereunder shall be sold or disposed of to any person under the age of fourteen years, nor to any person in a state of intoxication, or who is of notoriously intemperate habits.

4. All barrels and casks containing beer imported under this permission shall at the time of such importation bear the stamp of the Inland Revenue Department.

5. The total quantity of beer (not exceeding the quantity above mentioned) which the said shall elect to import under this permission shall be so imported and brought into the Territories in one shipment, by the same mode of conveyance and at one time, and this permission to import shall be held to extend only to the quantity contained in such shipment, and shall not extend to any further or other shipment or to any beer imported at any subsequent time.

6. Upon the importation of any beer under this permission the said shall immediately give notice hereof, and of the quantity so imported, to the constable or other person in charge of the station of the Northwest Mounted Police nearest to the said premises.

7. This permission shall be kept posted up in a conspicuous place in the bar-room or other room where such beer may be sold in said premises.

OUR INDIANS AND THE CHURCHES.

At the recent Synod of the Episcopal Church held in Qu'Appelle a resolution was passed declaring that the time had come when greater efforts should be put forth for the evangelization of the Indians of our Territories, and it was further resolved in order to give practical shape to the thought that a collection ought to be taken up in every congregation for this object at least once a year.

We are very glad to see this indication, showing that the churches responsibility for the Indians is at length being recognized.

For some time past the Government has encouraged every effort made in this line. If only our Indians can be made to understand the Christian religion and receive proper educational training, we shall have more success in civilizing them. We are aware that many have no faith in such efforts, and cut short all discussion by saying the only good Indian is the dead Indian. Even so, we have the live Indians. No one can go so far as to say exterminate them. Then, we have to deal with the tribes as we have them. The history of the rebellion showed the benefit of missionary effort, as John McDougall led his trusty bands of the Mountain Sioux in support, and often in advance, of Gen. Dominion Lands Regulations.

UNDER the Dominion Lands Regulations all surveyed even-numbered sections, excepting 8 and 26, in Manitoba and North-West Territories, which have not been homesteaded, reserved to provide wood lots for settlers, or otherwise disposed of or reserved, are to be held exclusively for homesteads and pre-emptions.

HOMESTEADS.

Homesteads may be obtained upon payment of an Office Fee of Ten Dollars, subject to the following conditions as to residence and cultivation:

In the "Mile Belt Reserve," that is the even-numbered sections lying within one mile of the Main Line or Branches of the Canadian Pacific Railway, and which are not set apart for town sites or reserves made in connection with town sites, railway stations, established police posts, mining and other special purposes, the homesteader shall begin actual residence upon his homestead within six months from the date of entry; and shall reside upon and make the land his home for at least six months out of every twelve months for three years from the date of entry; and shall within the first year after the date of his homestead entry, break and prepare for crop ten acres of his homestead quarter-section; and shall within the second year crop the said ten acres, and shall break and prepare for crop fifteen acres additional, making twenty-five acres; and within the third year after the date of his homestead entry he shall crop the said twenty-five acres, and break and prepare for crop fifteen acres additional; so that within three years he shall have not less than twenty-five acres cropped, and fifteen acres additional broken and prepared for crop.

Land, other than that included in Mile Belt, Town Site Reserves and Coal and Mineral Districts, may be homesteaded in either of the three following methods:

1. The homesteader shall begin actual residence on his homestead and cultivation of a reasonable portion thereof within six months from date of entry, unless entry shall have been made on or after the 1st day of September, in which case residence need not commence until the 1st day of June following, and continue to live upon and cultivate the land for at least six months out of every twelve months for three years from date of homestead entry.

2. The homesteader shall begin actual residence within a radius of two miles of his homestead and continue to make his home within such radius for at least six months out of every twelve months for three years next succeeding the date of homestead entry; and shall within the first year from date of entry break and prepare for crop ten acres of his homestead quarter-section; and shall within the second year crop the said ten acres, and break and prepare for crop fifteen acres additional, making twenty-five acres; and within the third year after the date of his homestead entry he shall crop the said twenty-five acres, and break and prepare for crop fifteen acres additional; so that within three years he shall have not less than twenty-five acres cropped; and shall have erected on the land a habitable house in which he shall have lived during the three months next preceding his application for homestead patent.

3. The homesteader shall commence the cultivation of his homestead within six months from the date of entry, or if the entry was obtained after the 1st day of September in any year, then before the 1st day of June following; shall within the first year break and prepare for crop not less than five acres of his homestead; shall within the second year crop the said five acres, and break and prepare for crop not less than ten acres in addition, making not less than fifteen acres in all; shall have erected a habitable house on the homestead before the expiration of the second year; and on or before the commencement of the third year shall have begun to reside in the said house; and shall have continued to reside therein and cultivate his homestead for not less than three years next prior the date of his application for patent.

At the time of making entry, the homesteader must declare to the Land Agent under which of the foregoing provisions he elected to make his land, and on applying for patent must prove that he has made permanent improvements on his land, to the aggregate value of not less than one dollar and fifty cents per acre, (equal to about six shillings sterling).

In the event of a homesteader desiring to secure his patent within a shorter period than the three years provided by law, he will be permitted to purchase his homestead on furnishing proof that he has resided on the land for at least twelve months subsequent to date of homestead entry.

PATENTS.

Any homesteader may at the same time as he makes his homestead entry, but not at a later date, should there be available land adjoining the homestead, enter an additional quarter-section as a pre-emption on payment of an office fee of ten dollars.

The pre-emption right entitles the homesteader to purchase the land so pre-empted on becoming entitled to his homestead patent; but should the homesteader fail to fulfil the homestead conditions, or pay for such pre-emption within six months after he becomes entitled to claim a patent for his homestead, he forfeits all claim to his pre-emption.

The price of pre-emptions, not included in Town Site Reserves, is two dollars and fifty cents per acre.

Land lying north of the 50th parallel of latitude, and south of the 55th parallel of latitude, and west of the 100th meridian, and not within twenty-four miles of any branch of that railway, or twelve miles of any other railway, pre-emptions may be obtained for two dollars per acre.

INFORMATION.

Full information respecting the land, timber, coal and mineral laws, and copies of the Regulations, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, Ontario; the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS,

Deputy of the Minister of the Interior.

WEBSTER'S PRACTICAL

"Probably all of our readers have occasion to use a dictionary every day. In some cases words cannot be correctly defined, while in still others the meaning is not clear. This is true, not only of children and the uneducated, but also of many who attempt to do their work in a learned profession. Every one intelligent as well as every one who attempts to do his work in a learned profession, will find it difficult to do without exhaust of his opportunities for intellectual improvement."

WEBSTER'S PRACTICAL is an entirely new work by the editors and publishers of Webster's Unabridged and contains more than twice the amount of matter and illustrations ever before offered for the price.

Price 25 Cents per Bottle.

New potatoes.

Mr. G. B. Murphy has some rye 58 inches long on his homestead.

Presbyterian S. S. Picnic tomorrow. All invited. See further down this column.

The heavy dews nightly are very beneficial to the growing crops. Everything is doing fine.

We were shown this week a fine sample of new potatoes from the garden of Mr. H. Mitchel.

We are informed that Mr. Ridsdale, south of Indian Head, has commenced harvesting his barley.

Mrs. McLaughlin of Toronto, with her young son, is on visit to her relative here, Mr. H. A. Axford.

Six carloads of wire are ordered for fencing on the Lyster Kay farm near Balgonie. The work is to be done this season.

Rev. Mr. Halsall, of Wolseley, will fill the Methodist appointments on this circuit next Sunday, Rev. Mr. Andrews going to Wolseley to hold quarterly services there.

Mr. and Mrs. Dewdney and Hayter Reed came down from Regina on Saturday last and went north to Touchwood Hills. They are expected to return this evening.

The executive of the Northwest Prohibitory Alliance met at Regina on Saturday evening last and decided to hold a convention during the second week of the session of the Legislative Assembly. A memorial on the beer question was ordered to be prepared and sent to the Dominion Government.

Mowers and binders are in great demand. One day this week Mr. H. A. Axford went out into the country and while out sold a mower. On returning to his office he found that Mr. A. C. Paterson had sold the last one in stock. A similar state of things is reported by Messrs. R. Johnston, J. A. Cowan, and J. Doolittle.

At the Queen's: J. W. Johnston and wife, Katepwe; J. B. Davis, J. Hawkes, W. Newton, McLean; W. A. Clark, R. Hockley, Rev. Father Hugounard, Fort Qu'Appelle; G. C. Clark, H. Bartle, Regina; J. C. Battiscombe and wife, W. Battiscombe, Sintalata; S. V. Bray, W. Snow, R. Oliver, Wolseley; J. Gavin, Winnipeg.

At the Leland: Miss Barnsley, W. M. Ronald, Winnipeg; J. M. Morrison, D. W. Smith, J. Brindon, S. Paul, J. Burritt, H. Reed, Regina; G. F. Gurney, J. Thorburn, Rev. A. J. Bell, Fort Qu'Appelle; J. S. Wallace, D. Maclean, Indian Head; Rev. P. K. Germain, O. M. I., Wood Mountain; R. N. Jones, File Hills; Miss Killam, Miss Ridsdale, Deep Lake.

Our baseball boys have done no little crowning on account of their victory over the Regina club. Although we might with propriety trot out our rooster for a good crowd, still being modest we refrain. But we have another one, of which there is a standing offer to the Regina Journal, with which it may suitably express its feelings over the baseball "surprise party."

The lunar eclipse on Sunday evening last attracted a great deal of interest, the night being clear. At 20:50 o'clock the earth's shadow came into contact with the moon's disc and at 21:55 the eclipse was complete. During the period of totality the moon appeared of a deep copper color, this effect resulting from the reflection of light from the terrestrial atmosphere. The eclipse could be observed by all who cast their eyes heavenward. A number of our citizens stayed up till the eclipse was over, being deeply interested in the phenomenon.

The committee in charge of the arrangements for the Presbyterian Sunday School picnic to-morrow (Friday) are making every preparation for the enjoyment of all who may attend. The grounds are being put into splendid condition, and a number of swings will be erected. All who can be requested to meet at the Presbyterian church at thirteen o'clock where a procession will be formed, headed by the Qu'Appelle Brass Band and proceed to the grounds south of the track. There will be a baseball match between nine chosen from the Qu'Appelle club, and also the return match between the married and single men who played at the Methodist Sunday School picnic at Squirrel Hills; also a cricket match, besides croquet and other games. A number of prizes will be offered for competition in races open to all boys and girls who attend. About sixteen o'clock the crowd will be called to order around a platform when a program of singing and five minute speeches will be gone through with, after which the tables will be removed of their previously prepared load. A most enjoyable day is anticipated, and all are invited.

The Diamond.

BASEBALL MATCH.

On Saturday last the first nine of the Qu'Appelle Baseball Club went to Regina and played the first nine of the Regina club on its own grounds, beating them by a score of 24 to 20. There was some remarkably good play on both sides, the fielding of the Qu'Appelle team being worthy of mention, and with good batting, won them the game. Mr. J. W. Smith while at bat had his nose broken, and Mr. W. Bole's thumb was put out of joint while catching. The game was umpired by Mr. A. C. Paterson to the entire satisfaction of both clubs. The following is the score:

QU'APPELLE.

Runs Out Position

Vicars.....3.....3.....First base.

Clemens.....2.....5.....Second base.

Johnston.....6.....0.....Left field.

Travis.....3.....2.....Short Stop.

Bell.....2.....3.....Third base.

Drury.....1.....5.....Pitcher.

Pandine.....3.....3.....Catcher.

Page.....3.....2.....Right field.

Hudson.....1.....4.....Centre field.

24.....27.....

REGINA.

Runs Out Position

Pope.....0.....6.....Third base.

McCarthy.....4.....3.....First base.

Sweet.....2.....3.....Right field.

Scott.....2.....3.....Centre field.

Smith.....1.....5.....Short Stop.

Ferguson.....4.....1.....Left field.

Shillingford.....2.....2.....Catcher.

Bole.....3.....2.....Catcher.

Dawson.....2.....2.....Second base.

20.....27.....

Score by Innings.

1 2 3 4 5 6 7 8 9

Qu'Appelle 2 1 0 0 1 2 6 4 — 24

Regina 2 0 0 1 6 1 4 6 0 — 20

Time 2 hours and 50 minutes.

The Regina Leader, with very bad grace, attributes the victory of the Qu'Appelle team to what it calls an "unfair deal." It says that the Qu'Appelle catcher, Mr. Paulin, is a professional. The above score does not bear out the Leader's contention, besides the fact that Paulin was called out twice on strikes, is not a striking proof that he is a professional, although he is an excellent player. The Regina team will hardly thank the Leader for saying that one man was the cause of their defeat.

CRICKET MATCH.

We give below the score of the cricket match played between the Regina and Qu'Appelle clubs on the 16th instant. We would have been pleased to publish the score between the Grenfell and the Qu'Appelle clubs on the 14th instant, but were unable to obtain it:
